Dear Valued Customers:

A.R.C. Networks, Inc. d/b/a InfoHighway Communications ("InfoHighway"), an indirect subsidiary of Eureka Broadband Corporation and Future Telecom, Inc. are pleased to announce that InfoHighway will acquire the business and residential customers of Future Telecom.

InfoHighway is a well-established, successful New York-based company with best-in-class customer service and support, state-of-the-art billing platform. InfoHighway has an exciting, innovative set of voice, data and Internet services, and a customer base of almost 14,000 accounts. The company has more than \$110 million in revenue and serves approximately 150,000 access lines in 14 Northeastern and Mid-Atlantic states.

We know you will be pleased with the quality of InfoHighway's services and want to assure you that you will continue to receive all the features/services you currently have and the change will not affect the price of those services.

You may, of course, choose another carrier for your telephone service, subject to any termination restrictions in your current contract. The transfer to InfoHighway will occur on or after March 25, 2006.

The actual effective date of the transfer will depend on when the appropriate state and federal regulatory approvals are received. Customers who have not taken action prior to the transfer date will be transferred to InfoHighway and will have to wait until the migration has occurred before switching to another provider. No action is required by you for InfoHighway to automatically become your local and long distance provider (if you were receiving those services from Future Telecom). Please remember that you are still responsible to pay bills for services provided during the transition period.

You will not be charged any carrier-change fees as a result of the transaction. Please note that any "freeze" you have placed on your existing telephone lines to prevent unauthorized transfer to another long distance carrier will be over-ridden for purposes of this transaction, and will need to be reinstated by you after the transfer is complete.

Providing excellent and uninterrupted service to our valued customers continues to be our top priority. Your existing rates, configuration and billing will remain the same, with no changes. The only change will be that, in the future, the combined InfoHighway/Future entity will be able to offer you new and innovative services including VoIP and Hosted PBX solutions.

If you have any questions about the transaction and/or your account, please feel free to contact Future Telecom's Customer Care department at 1 (888) 450-8309.

Sincerely,

Raul A. Martynek  
President and CEO  
Eureka/InfoHighway

Patrick Gentemann  
Chairman  
Future Telecom
